

species: Ruminococcus bromii
 species: Anaerostipes hadrus
 species: Collinsella aerofaciens
 species: Faecalibacterium prausnitzii
 species: Bifidobacterium adulescentis
 species: Escherichia coli
 species: Bifidobacterium longum
 species: Akkermansia muciniphila
 species: Anaerobutyricum hallii
 species: Eubacterium rectale
 species: Dorea longicatena
 species: Blautia wexlerae
 species: Fusicatenaibacter saccharivorans
 species: Phocaeicola vulgaris
 species: Roseburia faecis
 species: Ruminococcus torques
 species: Bacteroides uniformis
 species: Ruminococcus gnavus
 species: Prevotella copri
 species: Eubacterium sp. CAG-180
 species: Coprococcus comes
 species: Methanobrevibacter smithii
 species: Blautia obeum
 species: Alistipes putredinis
 species: Bifidobacterium bifidum
 species: Coprococcus eutactus
 species: Eubacterium sp. CAG-251
 species: Phocaeicola dorei
 species: Agathobaculum butyriciproducens
 species: Eubacterium siraeum
 species: Dorea formicigenerans
 species: Bacteroides stercoris
 species: Streptococcus salivarius
 species: Ruminococcus bicirculans
 species: Alistipes finegoldii
 species: Butyrivibrio crossotus
 species: Lachnospira eligens
 species: Roseburia inulinivorans
 species: Roseburia intestinalis
 species: Bifidobacterium catenulatum
